## Outreach in Southwark

Time4Southwark is our outreach project to increase timebanking hours in Southwark by supporting the growth of timebanking hubs. Our work is informed and strengthened by a network of time banks and organisations and actively involved or interested in adopting a timebanking approach in their existing work.

We have been generously funded by Southwark Innovation Fund to support the growth of timebanking. **If you are a voluntary organisation or community group and would like further information on how you might go about adopting or integrating timebanking into your existing work, get in touch.**

Or contact us if you just want to know more about timebanking in general. We provide information, support and training.

**Contact:** Suzanne Worrice or Fabienne de Lattre,
